ENTERED AT SAN FRANCISCO, CAL. AS SECOND-CLASS MATTER

THE GREAT WORK ON TREATMENT

Musser @ Kelly's Treatment

In this great work you have at your command a complete and comprehensive work on Treatment superior to all others. You have a Treatment that is right down to the minute; a Treatment with authority behind it; a Treatment of greatest usefulness—one that will give you more service—better service—than any other Treatment published. In it you get all that is new in every branch of therapeutics: The "606" treatment of syphilis; the new serum therapies and organotherapies; the modern treatment of pellagra, hookworm disease, tuberculosis, etc. There is one chapter you will find extremely valuable—that on the Treatment of Slight Ailments: Pain, fatigue, cough, "catching cold," sore throat, backache, hemorrhage, indigestion, heartburn, fainting, etc.—all conditions you are daily called upon to relieve. Such a chapter as this you will not find in any similar work on the market.

Illinois Medical Journal

"This, the most ambitious work on practical treatment ever undertaken in America, is well worthy of special consideration. All the best therapeutists of England and America have contributed to it."

Three octavos, averaging 950 pages each, illustrated. By 82 Eminent Specialists. Edited by John H. Musser, M. D., and A. O. J. Kelly, M. D., University of Pennsylvania. Per Volume: Cloth, \$6.00 net; Half Morocco, \$7.50 net.
